

Transportation

Legal Counsel to the Transportation Industry

The American economy would come to a halt without the transportation industry. It plays an essential role in everything - from the moving of people and goods, to the employment of millions of workers, to the enrichment of other industries through the consumption of materials and services.

Nearly a Century of Trusted Counsel

Carter Conboy has represented the transportation industry for nearly a century. We deliver the experience, industry and trade knowledge, and resources necessary to counsel, defend, and protect you. Our transportation industry clients trust Carter Conboy and we value your continued confidence in our leadership, experience, deep bench of lawyers, and proven record of accomplishment. We are your advocates from beginning to end with one goal: protect your reputation, business, and livelihood.

Trial Attorneys of a Different Caliber

Our attorneys have earned a preeminent reputation for excellence in transportation litigation and defense. Our clients depend on the talented team of attorneys at Carter Conboy to protect and safeguard you through complex and often-emotional liability claims. We work closely with you from the time you are served to aggressively defend your interests throughout discovery and depositions, motion and appellate practice, and resolution whether by dismissal, mediation, settlement, or trial.
